Course Summary

In Microsoft® Office Excel® 2007: Level 1, you created, edited, formatted, and printed basic spreadsheets. You now have a need to streamline repetitive tasks and display spreadsheet data in more visually effective ways. In this course, you will use Microsoft Office Excel 2007 to streamline and enhance your spreadsheets with templates, charts, graphics, and formulas.

Course Objective:

Learn to create apply visual elements and advanced formulas to a worksheet to display data in various formats.

Prerequisites

- Microsoft Office Excel 2007: Level 1

Certification

This course is one of a series of Element K courseware titles that addresses Microsoft Certified Application Specialist (Microsoft Business Certification) skill sets. The Microsoft Certified Application Specialist program is for individuals who use Microsoft's business desktop software and who seek recognition for their expertise with specific Microsoft products. Certification candidates must pass one or more proficiency exams in order to earn Microsoft Certified Application Specialist certification. Certification candidates must pass one or more proficiency exams in order to earn Microsoft Certified Application Specialist certification.
